## Instructions:

1. Stamp the smaller floral image from the Petal Parade in Pool Party in on the Pool Party card base.
2. Attach the Sweet Sorbet Designer Paper to the Black card stock. Tie the Summer Starfruit twine around these layers and tie a bow. Attach to the card base about 3/4" from the bottom front.
3. Stamp the large floral image in Crisp Cantaloupe on the Whisper White and punch out with the 1-3/4" circle punch. Layer this on the Black scallop circle.
4. Stamp the Love Banner in Pool Party, the dotted banner in black and the small flower in Pistachio Pudding on Whisper White from the Banner Blast stamp set. Punch the banners and flower out with the banner punch and the small flower from the itty bitty punch pack.
5. Attach the banners to the bottom of the black scallop circle. Attach the pistachio flower to the center of the cantaloupe flower and add this entire piece to the card front with dimensionals.
6. Add rhinestones to the flower centers and to the card just above the patterned paper on the right front of the card as shown in the picture.
7. Enjoy!
