- [Subtles Designer Buttons](#)
- [Whisper White Baker's Twine](#)
- [Large Rhinestones](#)
- [Hearts Framelits](#)
- [Flowerful Heart stamp](#)

Instructions to decorate the front of the album:

1. Create the album using the video instructions. Find it here: <http://youtu.be/Dh3ErjGhi3A>
2. Emboss your pool party card stock with the hexagon embossing folder on the big shot. Punch the smaller piece with the full heart punch. Punch a real red designer paper heart as well.
3. Stamp the image from the Flowerful Heart stamp set in Real Red ink on Whisper White card stock. Die cut this out with the heart framelits and the big shot.
4. Layer the embossed pool party mat on top of the blushing bride mat. Attach the Blushing Bride Chevron Ribbon to the center of the pool party and attach the pink pirouette ribbon on top of the chevron ribbon. Attach the lace paper doily to the center of these layers.
5. Layer the stamped and punched hearts on top using dimensionals. Attach all of this to the center of the front cover. Wrap the white baker's twine 3 times around the front and attach the pink bow below the hearts.
6. Add a large rhinestone to a pink and blue small subtles button and add these to the right side below the hearts.
7. Enjoy!
