

Stamping Imperfection Tutorial

Monster Hugs Envelope Treat Holder

Project Recipe:

- [Monster Hugs Kits Girls # 132163](#), [Monster Hugs Kits Boys #132162](#)
- [Neutrals Designer Paper Stack #130132](#)
- [Houndstooth Embossing Folder #123134](#)
- [Envelope Liners Framelits Dies #132172](#)
- [Coastal Cabana card stock #131297](#) (Cut at 3-1/4 x 3-1/2" and score at 1/2")
- [Big Shot #113439](#)

Instructions:

1. Assemble the Monster with the eye and the heart. The heart will need a glue dot for extra stickiness.
2. Cut 2 envelope liners from the Neutrals Designer Paper Stack with the Envelope Liners Framelits Dies and the Big Shot.
3. Score the edges to create flaps and score one of the liners along the top to create the top flap.
4. Fold on the score lines and glue the sides of the two liners together.
5. Cut and score the coastal cabana card stock. Run it through the Houndstooth Embossing Folder. Fold on the scored line and place glue on the folded flap. Slide the flap with the glue through the bottom between the envelope liners to close the bottom of the treat holder. Glue the rest to the front of the treat holder and glue the envelope liner flap to the top of the coastal cabana.
6. Glue the Monster to the front, add your treats and sentiments. Enjoy!
