

Interactive Sliding Card

Supplies:

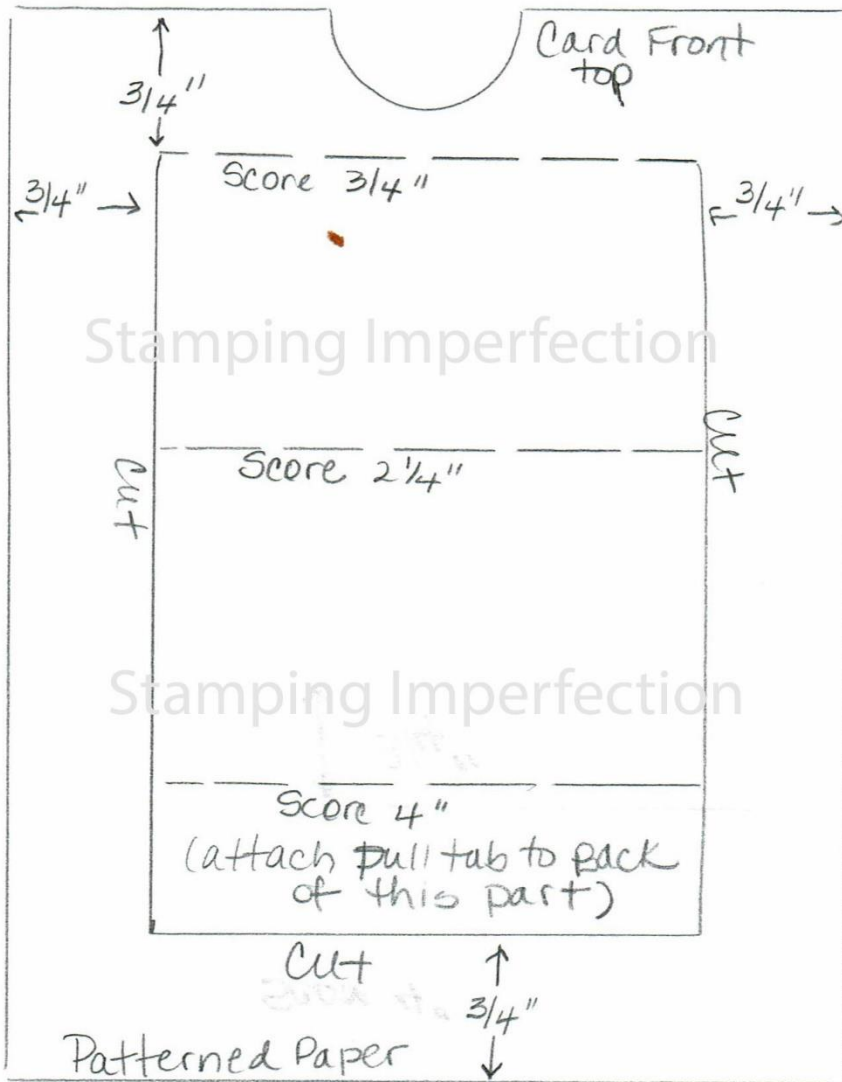

- Paper trimmer or craft knife and ruler
- 7 Kids Craft Store Foraging Faeries stamp set
- Catherine Pooler Midnight Black Ink
- Copic Markers
- Misti or stamp positioner
- Scor-Buddy and Bone Folder
- Scissors to fussy cut images or Brother Scan-n-Cut
- One die cut circle or shape of your choice and frame (3") using a punch or die cut and die cutting machine
- 1" circle punch or circle die and cutting machine
- Double sided adhesive, foam tape
- Patterned Paper cut at 4-1/4 x 5-1/2"
- White Cardstock cut at 4-1/4 x 5-1/2", one piece cut at 2-3/4 x 4-3/4" for your tab panel

Instructions:

1. Cut all papers to size.
2. Stamp and cut out faery images and sentiments.
3. Cut your patterned paper panel by making two cuts 4" long 3/4" from each long side of the paper and 3/4" from the top of the paper panel.
4. Cut horizontally between the two vertical cuts along the short side of the paper 3/4" from the bottom edge.
5. Punch or die cut a semi-circle out of the top of both panels opposite the cut end of the flap.

6. Score your flap from the uncut end of the flap at $\frac{3}{4}$ ", 2-1/4", 4" and create a mountain fold so the center score line pops up away from the card base.
7. Attach your tab panel to the back side of the patterned paper along the cut end of the flap from the 4" score line to the bottom of the flap.
8. Attach the patterned paper to the white panel with the tab in between so that it shows between the semi-circular tab holes. The tab should pull freely opening and closing the panel.
9. Attach your circle and frame to the patterned paper so that the adhesive is on the front of the pop-up folded piece. Add your stamped and colored images and sentiment.
10. Stamp a sentiment on the white panel so that it shows when the tab is pulled and the front folds up.

— Cut
 --- Score

Patterned paper
 4 1/4 x 5 1/2"

White card base
 4 1/4 x 5 1/2"

Center tab pull
 2 3/4 x 4 3/4"
