Punch (119882), Labels Collection Framelits (125598), Big Shot
(113439)

Other: Printer

Instructions: There is a video tutorial that shows how to cut this out
and how to decorate it.

1. Cut and score your folder pieces using the *Crumb Cake* and using
the video instructions.
2. Construct your folder as shown in the video.
3. Choose how you will decorate this project!

If you choose to decorate it like I did,

- a. Stamp the *Very Vanilla* and cut it out with the *Labels
Framelits*.

- b. Use the In Color DSP of your choice and use the Scallop Edge Border Punch to create a pretty edge. Trim this to fit your folder and attach with sticky strip.
- c. Attach the stamped label to the front of the folder with sticky strip.
- d. Stamp your monthly sheets. Punch and score the labels from the In Color Paper and attach one to each monthly sheet with sticky strip. Place these in your folder.
- e. Enjoy! ©Stamping Imperfection
