

## Fancy Fold Measurements

### Materials:

1 piece of Designer Series Paper, 1 piece of card stock in a coordinating color, 1 sentiment stamp, Simply Scored Tool, Stampin' Trimmer, Big Shot, Framelits of your choice or punches.

### Instructions for measurements:

1. Choose a piece of Designer Series Paper. Cut the DSP down to 8-1/2 x 11".
2. Place your DSP on your scoring tool the paper with the color you want as your card front facing up. Score the paper at 4-1/4" going the long way down the paper. Turn the paper 90 degrees and score at 5-1/2". It should now be scored down the center in both directions.
3. Using your diagonal plate, score the paper on the 8-1/2" side at 4-1/2 diagonally from the top to the side edge.
4. Flip the paper 180 degrees and score at 4-1/2" diagonally on the opposite corner.
5. Now decorate your card!!!
