

Card Recipe:

- Whisper White cut at 4-1/4 x 11", score at 5-1/2"; cut two pieces at 3/4 x 2"
- Cherry Cobbler cut 3/4 x 2"
- Silver Foil punched with the 2" circle punch
- Black Taffeta ribbon: 3 pieces at 5"
- Basic Black cut at 3-7/8 x 5-1/8"
- Trim a Tree Designer paper cut at 3-3/4 x 5"
- Double loop bow made from white baker's twine
- Basic black button (Neutrals Designer Button)
- Stapler and staples
- Christmas Bliss stamp set
- Basic Black Ink

Instructions:

1. Attach the designer paper to the black card stock. Wrap two pieces of black taffeta ribbon around the layers and attach on the back of the black with glue dots.
2. Stamp your sentiment on one of the white strips. Cut all 3 paper strips with the banner shape. Fold the last piece of ribbon in half and staple all banners and the folded ribbon to the foil circle.
3. Add the button and the baker's twine ribbon just above the staple so the staple is not covered.
4. Add the entire piece to the card base.

Tips and suggestions:

- Use your scraps!!! This card is designed so that you can use those scrap strips of card stock sitting on your craft table!
- Instead of the foil circle, use a black or white circle.
- Emboss the foil circle with our favorite embossing folder.
- Instead of a button, add a star punched from the silver glimmer paper.
