Marker Technique:

Clear Block Stamping

1. Using the side of the brush tip on your Stampin' Write Markers (or any dye or water based marker), add color to the portion of the clear block you want to color.
2. Add as many colors as you want in this manner.
3. Lightly spritz your inked block with water and stamp it onto your paper.
4. Let this dry before stamping an image over the top of the background you just created.
