

Ink Swiped Masking

1. Die cut out a shape and use negative of the die. This is the part we usually discard. We are going to ink swipe across this opening.
2. Using 3 or so of your Stampin' Spot Ink Cubes, pull them gently across the opening in several directions until the opening is full of ink.
3. Decorate and complete your card.

Ink Spot Gifts

1. Use your ink spots to add ink in squares directly on to your card front.
2. Fill the page with squares in a variety of colors. Remember to stamp some partially off the page.
3. Use your black Stampin' Write Marker (Bullet tip) to add a bow and ribbon lines on each square.
4. Add a sentiment and embellishments to complete your card.

Painter's Tape Background

1. Use low tack painter's tape and place the sticky side down on your ink pad and gently rub to transfer color to the tape.
2. Place the inked side of the tape down on your paper and gently rub to transfer ink to the paper.
3. Finish off your card as desired.
